Contents

<i>Contributors</i>	<i>vii</i>
<i>Preface</i>	<i>ix</i>
1. Unusual proteins in <i>Giardia duodenalis</i> and their role in survival	1
Andrea S. Rópolo, Constanza Feliziani, and María C. Touz	
1. Introduction	2
2. Multifunctional giardial proteins	3
3. Moonlighting proteins	20
4. Conclusions and perspectives	37
Acknowledgments	38
References	38
2. The protein 14-3-3: A functionally versatile molecule in <i>Giardia duodenalis</i>	51
Marco Lalle and Annarita Fiorillo	
1. Introduction	52
2. General overview of 14-3-3 proteins	54
3. 14-3-3 Protein in <i>Giardia</i>	61
4. Multiple biological roles of 14-3-3 in <i>Giardia</i>	72
5. The g14-3-3 druggability (g14-3-3 as a potential target for anti-giardial drugs)	90
6. Concluding remarks	94
Acknowledgements	94
References	95
Further reading	103
3. A cytonaut's guide to protein trafficking in <i>Giardia lamblia</i>	105
Carmen Faso and Adrian B. Hehl	
1. Introduction	106
2. Protein trafficking routes in <i>Giardia lamblia</i> : The main highways	107
3. Open questions and future directions	119
Acknowledgements	121
References	122

4. <i>Giardia duodenalis</i>: Role of secreted molecules as virulent factors in the cytotoxic effect on epithelial cells	129
M. Guadalupe Ortega-Pierres and Raúl Argüello-García	
1. Introduction	130
2. Transcriptome and secretome changes associated with <i>G. duodenalis</i> trophozoites cultured with epithelial cells	131
3. Mechanism by which secreted molecules damage epithelial cells	133
4. Secreted virulence factors: Potential therapeutic agents?	156
5. Conclusions	160
Acknowledgements	161
References	161
5. Recent insights into innate and adaptive immune responses to <i>Giardia</i>	171
Steven M. Singer, Marc Y. Fink, and Vanessa V. Angelova	
1. Protective immune responses against <i>Giardia</i>	172
2. Activation of the immune response during giardiasis	179
3. <i>Giardia</i> and the intestinal microbiome	184
4. <i>Giardia</i> proteases and host chemokines	188
5. Vaccines	191
6. Pathogenic responses	194
7. Remaining questions	201
Acknowledgment	202
References	202
6. Molecular epidemiology of giardiasis from a veterinary perspective	209
Una Ryan and Alireza Zahedi	
1. Introduction	210
2. <i>Giardia</i> in livestock	213
3. <i>Giardia</i> in companion animals	220
4. <i>Giardia</i> in wildlife	225
5. <i>Giardia</i> in birds	234
6. Future studies	235
References	236
Further reading	254
